EE 442/542

Computer Networking Protocols Lab Rules

(BEC 271C)

1. Only students taking this course should be in the laboratory at any time.

2. Reference materials, books, and equipment found in the lab must not be removed under any circumstances, without the express permission of the Instructor or a one of the Department’s Technicians.

3. You are responsible for the key and lock code assigned to you to facilitate access to the laboratory area.

4. You should strive to keep the laboratory clean and tidy, before, during, and after completing an experiment.

5. The computers must not be opened or otherwise tampered with.

6. No eating or drinking in the lab.

7. No installation of irrelevant software.

8. Avoid the use of diskettes, but if used, be sure to check for viruses first.

9. Do not adjust the thermostat.

10. Turn off the machines, monitors, lights, and lock the door when finished with the lab for the day.
